How to Print Search Results and Save to PDF

Printing and saving to PDF uses your browser's own functionality. We have formatted the Saved Searches functionality to look good on all the major browsers. Below are the instructions for Chrome.

1. Go to Saved Searches
2. Select the label you want to print or save search results for (new functionality added to allow you to group your search results by different labels)
3. Select the "Customize and control Google Chrome" icon:

4. Select Print:

5. Select the printer you want to print to or select "Save as PDF" to create a PDF.
